CLARK RETURNS FROM NATIONAL MEET AT CAPITOL

COMMITTEE STUDIES WORK CHAMBERS COMMERCE

Clark Represented Education and Southwest in Meeting Held in Washington, D. C.

Wallace R. Clark returned Sunday morning from Washington D. C., where on Feb. 23 he attended a meeting of a special committee of the United States Chamber of Commerce, appointed to study local chambers of commerce.

This committee was headed by Richard Grant, president of the Lehigh Valley Coal Corporation, New York. Others on the committee who were present were, Asa Briggs, attorney, of St. Paul; Harry J. Bell, executive director, Association of Commerce, Milwaukee; Roland B. Woodward, Ex. vice president, chamber of commerce, Rochester New York; Robert Bruce Campbell, president, Arkansas Valley Railroad Company, Wichita; Albert C. Newell, banker, Atlanta; Ralph Bradford, head of the organizations department of the National Chamber of Commerce which is charged with the development of effective and valuable relations between it and the local chambers.

Mr. Clark was chosen as a member of this committee to represent education and as a representative of the southwestern section of the United States. In speaking, since his return, of the personnel of the committee, he said, "There has never been a time when business and government was so in need of the physical, moral and spiritual assistance of all groups interested in citizenship. This is the reason that education was represented of the Washington committee."

While in Washington, Mr. Clark was greatly impressed with the seriousness with which business men and governmental officials are studying the present economic situation, trying to find ways to relieve conditions right now and to prevent the recurrence of such a situation in the future. Big business is not spending any time watching for good times to appear around the corner, but is bending every effort to work out plans for readjustment.

A full report of the findings of the committee will be made in the near future, Mr. Clark said, but such a report will be made through the department which brought the committee together.

Enroute to Washington Mr. Clark spent a short time in Chicago, and while there became acquainted with the work which the American Bell Telephone Company is doing to help its employes through the hard times. A record is kept of all who have left the employ of the company since the present depression, and an effort is being made to put as many as possible to work, and help others who cannot be placed on the payroll at this time. This corporation, which is one of the largest in the world, is trying to take care of its town unemployment problem, caused partly by the thousands of telephone subscribers who have had their phones removed.

Conditions are better in Canyon than farther east, according to Mr. Clark. About the only favorable thing about the situation in indistrial centers is that there has been no severe winter weather. This has been a great blessing to thousands who have not worked for many months.

Rotary Club in Memorial Honoring Rev. Kunze

The Canyon Rotary Club held a memorial service Tuesday, honoring Rev. W. C. Kunze. The regular luncheon was not held, but the members of the club and a number of friends gathered at the regular luncheon place at the Presbyterian church at 12:45 o'clock where the memorial service was held in charge of Doug Shirley. The following was the program:

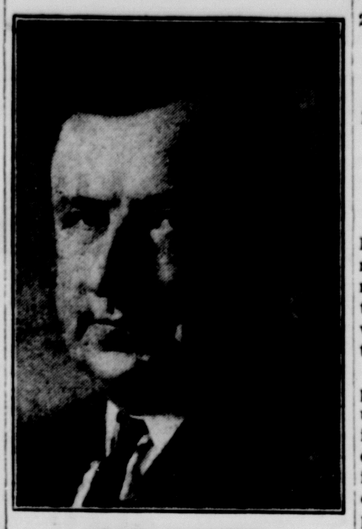
S. B. McClure is Candidate Sheriff and Tax Collector



S. B. McCLURE

S. B. McClure has authorized the announcement of his candidacy for the office of Sheriff and Tax Collector. Mr. McClure is a native Texan, and has been a resident of Randall county for twenty years. He states that this is the first time that he has ever offered for office.

Mr. McClure has been engaged in the real estate business in Canyon since becoming a citizen of the county. He is well acquainted with all of the people of the county. He has taken an active interest in all public questions, and believes that he is well equipped, as well as qualified to serve as Sheriff and Tax Collector if chosen by the voters. He believes in the strict yet unbiased enforcement of the laws, and if elected Sheriff will devote his full time to seeing that all laws are properly enforced. He believes that this office is of very great interest to the people of the county, owing to the importance of the Tax Collector's duties. If elected he will employ efficient assistance so that the collections of the county shall be accurate, and that reports shall be made promptly to the state. He will be diligent in attempting to collect all kinds of taxes that are assessed or are assesable in the county.

Mr. McClure states that he well endeavor to see all of the voters between now and the July primary, and will certainly appreciate the support of those who know him and believe him to be qualified for the office.

W. T. Hazlewood Announces Office Co. Commissioner

W. T. Hazlewood has announced that he is a candidate for County Commissioner Precinct No. 1.

Mr. Hazlewood has been on the Plains 20 years and a citizen of Randall county for the past 12 years, during which time he has been engaged in stock farming. He has resided in Canyon for several years. He knows and understands the problems which are confronting the farmer and stock raiser, as well as the business man, and if elected County Commissioner he hopes to be of service to them.

Efficiency in county government is the thing he most desires to see, states Mr. Hazlewood. He believes that the county for the next few years should devote its time to paying debts rather than promoting any new projects which might increase operating expenses. He believes that every dollar raised by taxation should be carefully and economically spent by the Commissioners Court. If elected he will devote his time to seeing that taxes are equalized and that costs of government be reduced as low as possible. He will try to give every citizen a square deal.

Mr. Hazlewood states that he will attempt to see every voter in Precinct No. 1 during the campaign and will solicit their support and vote. If he misses any voter, it will be unintentional on his part, as he wishes to discuss with them the ideas of county government.

FOSTER WILL ATTEND MEET FARM LOAN ASSOCIATION

G. G. Foster, secretary of the Canyon National Farm Loan Association, was invited by wire on Tuesday to attend a meeting of directors and other officials of the Farm Bank at Houston Saturday. Mr. Foster has been secretary of the Panhandle region in the various group sessions of the secretary, and will represent about thirty counties at the meeting in Houston. The conference will discuss future plans and policies regarding loans.

TAX PAYMENTS COME WITH BIG RUSH SATURDAY

2101 POLL TAXES PAID—VERY NEAR TO NORMAL.

1700 Cars Registered—Delinquent Rolls Cleaned Up by Remission of Penalties.

The office of John Fry, tax collector was so swamped with payments Saturday and through the mails, that it was not until yesterday that all receipts could be written and an inventory taken of the collections taken last week.

One thousand poll taxes were paid Saturday, bringing the total up to 2101. This does not take into consideration the unders and overs who will be allowed to vote in the primaries without a tax receipt or exemption. The record payment for Randall county was two years ago when 2157 poll taxes were paid.

A penalty of 20 percent was added to delinquent automobile tax payments on Monday. 1700 cars had been registered, which is about 160 short of the number registered this time last year. Those who do not have new 1932 plates on their cars, and attempt to drive them, will be subject to a fine, in addition to a 20 percent penalty when they do buy the license plates.

Mr. Fry states that the largest amount of delinquent taxes he has handled since 1925 were paid this year. The rolls were well cleaned up owing to the penalty remission passed by the last session of the legislature.

The Canyon Schools fared worse in collection of taxes than did the county. J. W. Shanklin, collector, states that only about $26,000 of the $46,000 on the tax rolls was collected. The board of trustees has given uptil February 15th for payment without penalty, and is urging that payments be made as the schools will be badly crippled unless money is collected.

Independent Basketball Team Trophy Won in Amarillo

The Canyon independent basketball team, winners of the tournament in Amarillo last week, has received the trophy offered, a minature basketball player. The trophy is on display at the News office.

All members of the Canyon independent team are former stars of W. T. Nay Hale is manager, and the following men played: Delbert Lowes, Alex Hale, Cleatice Crump, Davis Hill, Cow Williams, Landers Donnell, Pat Gerald and Hatcher Brown.

Mr. and Mrs. J. E. Beyer of Hereford visited Sunday in the home of their daughter, Mrs. L. N. George.

S. B. Orton Asks Re-Election for County Judge

I want my job again. No person asking for re-election can stand upon anything except his own record. I would like for you to investigate mine. My platform is spend less, make no new debts and pay up old ones. The county's finances are in fair shape. More than $15,000 was cut from expenditures in 1931. Other cuts can and will be made this year. Our debt payments are running ahead of schedule. Of course this could not have been possible without the loyal support and co-operation of every county official, and each should be given his share of credit.

Much of my time has been spent with the country schools. A strong effort is being made to raise the standard of teachers and the quality of work done. Some progress has been made. School finances are in good shape. The goal I have set is a well qualified enthusiastic teacher, a nine months term, and a working library for every school. With careful management this can be attained in a few years.

In asking for a second term I feel that what I have learned during the past year will enable me to serve the people much better in the future than I have the past year.

S. B. ORTON.

Clyde W. Warwick Announces Re-election Representative

Clyde Warwick announced Thursday that he would be a candidate for re-election as state representative, 123rd district, composed of Randall, Potter, Carson, Deaf Smith, Armstrong and Oldham counties. He is serving his second term in the House.

Mr. Warwick has served as member of the following important committees during his terms in the legislature: Appropriations, Banks and Banking, Penitentiary, Public Printing, Municipal and Private Corporations, and during the last session was chairman of the Contingient Expense Committee. This committee handles all of the incidental expenses of the House. Warwick was highly complimented for invoking rigid economy and for holding the expenses of the House to a much lower figure than any session of the legislature for many years.

HILL TO BOARD MEETING.

Dr. J. A. Hill is leaving tonight for Fort Worth and Dallas where he will have a conference with other officers of the State Teachers Association, attend a meeting of the Teachers College presidents and the quarterly meeting of the Board of Regents. He expects to return to Canyon by Monday.

Miss Bessie Perkins of Dalhart was a Canyon visitor Sunday.

BUFFS TAKE FOUR GAMES AND LOST ONE TO T. C. U.

DENTON, McMURRAY, SIMMONS ALL DEFEATED.

Simmons Tonight and Here for Two Games Monday and Tuesday—T. C. U. Gets Breaks.

Deep regrets hovered over the West Texas sport fans after hearing of the results of the Texas Christian University-West Texas Buffalo basketball game Saturday night. Never before in all W. T.'s history has the student body shown so much enthusiasm about an athletic contest, only to be disappointed after hearing that T. C. U. handed the pride of the West their first basketball defeat of the season by a score of 37 to 31.

All the students and faculty, however, seemed well pleased with the Buffaloes' 45 to 18 victory over the North Denton Teachers of Denton. This game was played Friday night just before the Fort Worth encounter, and the T. C. U. coach and his entire squad witnessed the contest.

In the game with the Denton Eagles the herd had to come from behind to win. Somehow there was a bad start, but as soon as the Buffs settled down everything ran smoothly. At the half the Bison boys were far ahead of the Eagles and never let up through the rest of the game.

Even in the T. C. U. game the Buffs were ahead two points at the end of the half, 19 to 17. But, according to reports the Christians re-entered the game with a new spirit and did some of the best playing that was ever staged on a T. C. U. court. They passed the Buffs' lead and continued their drive to the end of the game. The Buffs could not hit the hoop, missing scores of shots.

The famous All-American Dietzel did great offensive and defensive work at his center position and was high point man for the Frogs. Joe Fortenberry was the Buffs' high scorer with 12 points.

January Moisture Here Above Normal With 1.57 Inches

So far as moisture is concerned, 1932 started off with most promising conditions. With a total of 1.57 inches, which is fully an inch above the average, conditions for a good crop this year are most promising.

While the temperature has been moderate, it was only one degree above normal. The coldest period of the month was 13 degrees above zero on January 6th. Considering the fact that more snow than usual fell during the month, the temperature was considered as very moderate.

New Milo Found Good for Farms States Upchurch

We are often asked about the so-called straight stem maize. Until recently there has never been a really satisfactory crop of this kind. Wheatland milo is a new crop developed by the U. S. department of Agriculture in answer to a demand for a strictly straight neck milo maize for harvesting with a combine. It was originated at the Southern Great Plains Field Station located at Woodward Okla., and was developed at the Ft. Hays Kansas Experiment Station.

This new milo has been tried out over western Kansas for the past two years. Enough seed will be secured for several trial plantings in Randall county this year.

Another kafir-milo cross that is similar to Wheatland is called Beaver milo. This one has been tried out in New Mexico and on the north plains for the past three years but does not seem to yield quite as well as the Wheatland milo. We expect to secure a small amount of the Beaver milo from growers in New Mexico.

Another new crop for Randall county is the Sunrise kafir introduced into the county last year. This kafir is especially adapted as a silage crop. It is also very good as a forage crop as it has a semi sweet stalk. Three farmers in the county tried it out last year and each of them will plant it again for use as a dairy cow feed. This kafir has been grown for a number of years in other sections of the country. It has some advantages and some faults. Most farmers would do well to learn as much as possible about a new crop before planting a very big acreage.

W. H. Upchurch, County Agent.

F. V. Friemel is Candidate County Commissioner, No. 2

F. V. Friemel has authorized the announcement of his candidacy for County Commissioner, Precinct No. 2, which includes the Umbarger, Hileman and Wildorado boxes of the county.

Mr. Friemel stated Monday that he was offering as a candidate for this office solely with the thought of giving to the county the very best administration possible, if he is elected. He believes that every citizen of the county should have an equal chance when the county buys labor or material. He wants to see an efficient county government, but at the same time an economical government, which will reduce operating expenses to the very lowest limit. As a farmer, he knows how hard it is to pay taxes and wants to see the county government expenses reduced to the level on which the farmer is having to live at the present time.

Mr. Friemel is well acquainted with conditions in the county, and has made a study of the problems which confront the Commissioners Court. He believes that if elected he will be able to serve all of the people of the county well during his tenure of office. He will see all if the voters of his precinct during the campaign.

Mr. Friemel states that he will greatly appreciate the support of the voters, and their vote in the July primaries.

Senator and Mrs. S. A. Jones of Clovis, N. M., were guests in the home of Mr. and Mrs. L. N. George Monday.

Mrs. Hugh Kirbie, Mrs. Birdie McKinney and Miss Maxine McKinney were Amarillo visitors on Monday.

W. C. KUNZE DIED SUNDAY; PASTOR HERE

PASTOR OF PRESBYTERIAN CHURCH EIGHT YEARS.

Noted as Civic Leader, and Friend of All in Need—Burial at Madisonville Tuesday.

The community was greatly shocked Sunday morning to hear that Rev. W. C. Kunze, pastor of the Presbyterian church for 8 years, had passed away at 3:00 o'clock a. m., following an illness of one week. While not in good health for the past three years, he was not considered to be in danger until Friday when he steadily relapsed. Saturday he told attending physicians that while appreciating their efforts, there was no chance for his recovery.

The funeral services were held Sunday afternoon at the Presbyterian church, conducted by Rev. F. T. Charlton, assisted by Rev. J. R. Sharp and Dr. Albert Barnett. Mrs. Kunze, accompanied by her sister, Mrs. Floyd of Ralls, left Sunday night for Madisonville with the body where the funeral services were held Tuesday. The active pall bearers were Revs. J. R. Sharp, C. E. Jameson, R. L. Hudson, C. G. Howard, R. Thomsen of Amarillo, Burney Shell of Plainview and R. Geiser of Hereford. The honorary pall bearers were Rev. B. F. Fronabarger, Dr. R. P. Jarrett, C. E. Strain, H. S. Strain, John Knight, T. F. Reid, J. W. Reid, W. F. Heller, J. M. Black, J. W. Shanklin, Harvey Cash, T. C. Thompson, W. C. Black, Dr. M. L. Saddoris, Dr. F. M. Wilson, Dr. S. R. Griffin, Dr. H. A. Brown, Dr. Streit, Dr. Duncan, Dr. S. L. Ingham, and Dr. E. J. Cundiff.

Wesley Charles Kunze was born December 8, 1882, at Addicks, Texas. At the age of 12 he was confirmed in the German Methodist Church, but in the early twenties united with the Presbyterian Church. He was educated at Cumberland University, Lebanon, Tenn., later completing the theological course at Lane Seminary, Cincinnati. He was ordained a minister in 1912.

His first pastorate consisted of Sour Lake, Nome and Silsby churches in Southeast Texas. He occupied these pulpits for about a year. He then served in the Shiro district for a year, where he was united in marriage to Miss Katherine Hightower. One child was born to this union, Charlene, who died Sept. 24, 1927.

He was called to the Denver Boulevard Church, San Antonio, where he served for three years. He was pastor of Main Street Church, Lebanon, Ohio, for three years, 1917-1920. Returning to Texas he served at Ballenger and Eastland before coming to Canyon.

During his pastorate here, the local church has made wonderful progress. The new church building was erected, and the congregation increased in numbers.

Rev. Kunze took a great interest in all civic affairs. He was a member of the Masonic lodge, the Rotary Club, and chairman of the relief committee of the Red Cross for several years. He took a great interest in all young people and devoted his time and talent to making all students of the College feel that they were welcome to Canyon. He loved his work in Canyon, and believed in the citizenship. He refused three calls to pastorates which offered him larger salaries and larger fields of activities because he was happy in his work in the local church.

He is survived by his wife; his father, Charles A. Kunze of Houston; five sisters, Mrs. Louis Quade of California, Mrs. Henry Myers of Addicks, Mrs. Albert Marks of Addicks, Mrs. Arlie Brandt of Houston, and Mrs. Gusta Parks of Houston; one half brother, Henry Kunze of Houston.

Highway Made 22 Feet Wide Order of the Engineer

Judge S. B. Orton states that the paving on the highways south and west will be twenty-two feet wide according to instructions given by the district engineer. Several weeks ago it was ordered that plans be made for the paving to be 20 feet wide, but the plans have been changed for a wider pavement.

No agreement has yet been reached between the county and state, but it is hoped that the contract may be let not later than April.

Mr. and Mrs. H. B. Skelton and sons of Groom spent the week end in the parental J. W. Shackelford home.

Don't write a check on the bank unless you have the money to pay the check. The banks of Canyon have been rather lenient in the past, but never again. Your check will be turned down if the money is not there. Just stop for a minute before you get sore about your check being turned down. Writing a check without the money to pay it is forcing the bank, if the check is honored, to loan you your neighbor's money without note or security. You would not appreciate having your neighbor stick his hand in your pocket and take out the money he wishes, but every overdrawn checking account amounts to the same. The money in the bank belongs to the people of the community, placed there for safe-keeping. If one person's check is to be paid regardless of whether he has the money, then every depositor should have the same privilege. If this policy was persued, there would be no banks in about two days, and there are plenty of people willing to take all the money available. In most towns the banks make a charge of 25 cents for every check they turn down, as it actually costs the bank that much mnoey. Don't write a check unless you have the money. Canyon has two good banks, and everyone wants to keep them safe and sound, and the only way to do so is for the officers to demand that business principles be applied.

A prominent citizen of Texas in a letter addressed to a gathering of tax payers seeking to reduce taxes suggested that all members of the legislature be defeated and new ones elected. His ignorance is refreshing. All of the ills of the times are not due to the present legislature, or to any preceding legislature. All of the taxes are not due to the legislature, as a large part of the present high taxes are due to the bonds voted by the cities, counties and school districts. Furthermore the increase of expenses of state government has been the result of a direct demand of the people of the state for improvement in government. Fortunately the above letter was disapproved by the meeting of tax payers, as this body knew there were many able, honest and patriotic citizens giving their time to the state with the idea of the best interests of the state. Condemning all in one class showed the ignorance of the writer.

Canyon will have a city election within a short while. The citizens should take time to select members of the city commission, naming conservative, capable men for the office. Canyon has been fortunate in its officers. Not only has Canyon been fortunate in the selection of its city officials, but the school district and the county have been fortunate in its public servants. Randall county, the city of Canyon and the school district are among the very few local governments which are not bonded also to the limit. These political units are among the very few which have been on a cash basis during all these trying times. Following the city election, there will be a school election and then the county election in July. The people will do well to name conservative officials in all these elections.

If there were ever fervent prayer in the United States, it should be right now that war may be averted between the white and yellow races. Japan is too cocky, to be sure, and seems bent upon a course which is not agreeable with the interests of other nations, but another world war at this time would almost wreck civilization, which tottered under the great strain of the last war. Those who may start the cry for war with Japan either have some selfish motives, or know not whereof they speak. If war is necessary, the first step taken by the government should be the drafting of wealth as well as men. Taking the profit out of war will quiet a lot of so-called patriots.

David Lawrence, noted political writer, reports a growing sentiment for the nomination of John Garner on the Democratic ticket. The fact that the Speaker is so busy working at his job of controlling the House in the best fashion since the days of Joe Cannon has centralized the thought of the party leaders on him as a possible compromise candidate. Texas would be honored to see John Garner presented to the convention as a candidate, and if he was nominated, Texas would work hard and diligent for his election.

It is stated that the back-to-the-farm movement is on the increase. Men who were lured to the cities by high wages have had plenty of time to think things over during idleness caused by the depression and are now ready to return to the farm. Farming has not been profitable, any more than any other line of endeavor, but a living can be made with the garden and poultry, and that is more than the laborer in the city, who is out of work, is assured.

It is to be regretted that the Supreme Court has held invalid the truck law. This means that the next legislature will have to pass a more carefully worded bill. In the meanwhile the big, heavy trucks will continue to tear up the highways which were built by the people's money. The costly highways and the heavy repair bills caused by the big trucks is a reason for the high taxes which the property owners are having to pay at this time.

William Wrigley is dead. He amassed a tremenduous fortune by manufacturing chewing gum. His product would never have been so popular in America were it not that he advertised it, spending millions of dollars on a 5 cent article. Usually the firm which thinks it is too small to advertise remains too small for profit to its owner. If your goods are worth anything, don't be afraid to tell the world.

Pete McKenzie, slayer of two policemen, is again at large, having sawed his way from the San Antonio jail. Sentenced to the electric chair, he was saved by Governor Moody with his sentence commuted to life imprisonment. Now at large, it may be taken for granted that more blood will be spilled before his re-capture. The state has paid the bill for two costly trials, and perhaps another before Pete is finally disposed of.

The cigarette tax in Texas brought into the state treasury from August 22 to January 1st the total sum of $1,455,678.52, with a cost of about $70,000 to administer it, and to buy stamps which will not be used for at least a year. The smokers are paying a nice sum into the state treasury.

Former Mayor Bill Thompson of Chicago rather compliments today's condition by stating that men think better on an empty stomach. Bill left Chicago's treasury so that the citizenship can do some good, strong thinking.

Insurance men report business good. It looks like about all most of us will leave is our life insurance, when we shuffle off this mortal coil. Men who would never consider life insurance before are buying it now.

Newspapers tell and sell. Other kinds of schemes may be used for advertising, but the wise advertiser, the one who checks results, uses most of his advertising money in the newspapers.

Umbarger Items

News in Canyon 25 Years Ago

(From the files of the Canyon City News, February 2, 1907.)

H. S. Parks returned last week from his visit to the old home back in the states.

H. E. Hume, coming here from Amarillo in a buggy last Monday evening had a close call about the new railroad dump. His horses one in the buggy and one behind, got scared at the passenger engine and overturning the vehicle all, Mr. Hume included, rolled over the embankment some eight feet down. Mr. Hume was shaken up considerably and is sore yet over it, though able to get about alright. Hard to kill a man like Hume anyway. The other damage consisted in broken shafts, etc.

J. W. Ballard was on the streets Monday with plans for his new residence which he is going to have erected as soon as possible on his lots in the west end. Unless changed considerably it will cost something over $3,000.

Rev. Robeson, by request, preached for the Methodist brothers at Hereford Saturday and Sunday.

I. W. McClure is building a smoke house. A year or so further residence in town and like the balance of us, he will get down to a paper sack.

Geo. W. Conner, here visiting his cousin, L. G. Conner, getting word from his home, Booneville, Mo., that heavy rains and high water were playing havoc up there, returned Monday.

Miss Frances Buie entertained twelve of her little friends Wednesday in honor of her twelfth birthday.

Mrs. Bogar has J. S. Harrison and several others remodeling and adding to the residence on the ranch place she bought from Ed Harrell.

Rev. M. E. Hawkins is seriously ill with erysipelas.

T. H. Rowan and A. B. Axtell were in Tulia Monday working for the defense in the Amarillo proposition and they laid it over the other fellows—several Amarillo lawyers—to the ratio of 71 to nothing.

Why
Your Electric Bills Vary

The average user of electric light in the home is three or four times as great in December as in June, because of the shorter days and the longer periods of darkness.

And lighting is only part of the story.

During the late Fall and Winter months more time is spent at home. The more entertaining is done—the electric electric radio is probably on longer. Grill, toaster, percolator and other appliances are kept busier than in the summer months.

Bills for Electric Service Are Bound to Reflect This Greater Use

IF YOUR GAS BILL SPOKE

Perhaps It Would Justify Its Existence In The Following Language:

"I kept a family of four warm and comfortable for 80 days.

"I cooked three meals a day for four persons for 80 days—90 meals in all.

"I kept on hand a supply of hot water for washing, shaving and baths for four weeks.

"I boiled clothes once a week for four weeks.

"I saved, as compared to other fuels, at least two hours a day in the kitchen for 80 days—60 in all.

"I saved in cleaning and laundry bills and damage to furnishings by the smoke and soot that would have resulted from the use of other fuels.

"I saved the time and trouble of ordering fuel, storing and handling, cleaning stoves, making fires and emptying ashes.

"I was ready to serve you at any time, night or day, heat was needed.

"And now I am ready and anxious to serve you again and to retain your everlasting goodwill."

AS YOU LIKE IT AIDS NEEDY IN CITY

The women's clubs of the city did much the past Christmas season to alleviate the suffering of the needy and to bring good cheer in the holiday hour. Notable among these organizations was the As You Like It club which forewent their customary Christmas party in favor of those in need.

The money, which in the past had gone for the annual club celebration, was used to buy clothing and food for several families. Mrs. C. E. Strain was appointed chairman of the committee and after making thorough investigations, used the money where it was most needed.

In making a report to the club, Mrs. Strain wrote in part:

"After a conference with teachers it was decided to purchase warm gloves, hose, underware, a few handkerchiefs, and the few pennies left from these purchases went to buy one little boy a box of crayolas and some construction paper.

"Members of several diferent families were recipients of these gifts. Their needs were investigated and articles bought to fit that particular child. They were received with so much appreciation for to some children they are luxuries.

"The little boy who received the crayolas said old Santa was going to bring him some apples and peanuts but it would be all right now if he didn't as he had so much already. The box of coats sent by a member made two little girls happy." Signed, Mrs. Strain.

WOMAN'S TROUBLE... Thought She Would Die

Donna, Texas—"I was taken down with woman's trouble, and thought I would die," says Mrs. S. F. Moore, Box 732, "I suffered death. The doctor said there was nothing for me but an operation. I had then been in bed for five weeks, and could not walk without help. I began to take Dr. Pierce's Favorite Prescription and the 'Golden Medical Discovery,' also used the Lotion Tablets, and in two weeks people were saying they had never seen anyone mend so fast. Now I'm a well woman, do all my work, and feel good all the time." Druggists sell

Interscholastic League Dist. Meet To Be Next April

Announcements of the major activities of the University Interscholastic League concerning the district meet to be held in Canyon on April 22 and 23 were released by Director General W. E. Lockhart this week.

The district basketball tournament will be held on this campus February 18 to 20. A new plan is being put into execution this year. The winning team from each county will enter the tournament making it possible for twenty-two teams to enter the contest. Eight teams will play on Thursday, February 18; the remaining sixteen teams will be divided into an upper and lower bracket, and the winner in each bracket will enter the finals.

The One-Act Play Contest will be held here March 18 and 19. Judges from Little Theatres from nearby cities will judge the contests instead of faculty members as has been the plan adhered to heretofore.

RESOLUTIONS BY PASTORS

Whereas it has pleased our Heavenly Father in His good providence to remove from active affairs our beloved comrade, W. C. Kunze, therefore be it resolved,

That we, members of the Canyon Pastor's Association, express our deepest sympathy for Mrs. Kunze and other loved ones who have suffered this tremendous loss;

Further, that we express our sympathy for the Presbyterian Church which has by his death sustained the loss of a beloved pastor and leader, whose untiring efforts to relieve sufering whether physical or mental has endeared him not only to his own church but to the large community which he loved and served. We recognize with deep appreciation that his ministry knew no bounds, but that he was in the largest way a pastor of the community;

Further, we wish to express something of our personal loss. His kindly humor and Christian good fellowship were the delight of all of us who were privileged to know him intimately. While his going home has deprived us of his gracious physical presence, the afterglow of his Christian personality lingers with us, inspiring us to renewed activities in bringing to those whom he loved and served, the light of the world.

SCHOOL TAX NOTICE.

For the benefit of those who have been unable to pay 1931 school taxes, the School Board of the Canyon Independent School Independent School District will not assess a penalty thereon until February 15th; we are giving this grace period in order to induce many to pay within the next few days, saving themselves the penalty, and giving our school the much needed money with which to operate. However, 1930 taxes became delinquent and the penalty accrued on January 31st, and we must shortly take active steps in order to collect this and all prior delinquent taxes. It is not fair for one man to pay regularly, and another never pay.

We appreciate the cooperation of the citizens of this community in the conduct of our school, and urge that those who are now delinquent make every effort to pay these taxes at the earliest possible moment. Thank you.

D. F. SANDERS, Cairman.

Burrow for Mayor; McGee, Wooten for City Commissioners

A city ticket was announced yesterday by friends of C. R. Burrow, R. McGee and W. J. Wooten, who have agreed to have their names printed on the ticket for the city election in April. Mr. Burrow's name was submitted for mayor, and Mr. McGee and Mr. Wooten as commissioners.

Members of the present city commission have indicated a desire not to accept the office for another term.

All three men have stated that if they are elected their first act would be to reduce the salaries of the mayor and commissioners to $5.00 per month. They will run the affairs of the city as economically as possible, and have no projects which they wish to present to the people while conditions are so hard.

The candidates are all well known business men of the city, and want to see the city's finances kept in good condition by conducting the public affairs on the most economical plane possible.

This is the only ticket that has so far been presented. A large number of citizens conferred with these men yesterday before their names were submitted.

ART EXHIBIT OPENED AT COLLEGE YESTERDAY P. M.

The Southern States Art League exhibit which was brought to Canyon by the Phidias Art Club was opened yesterday afternoon with a silver tea in the rooms of the Dean of Women at the College where the exhibit is hung. During the afternoon the guests were received by Miss Isabelle Robinson, and members of the Phidias Art Club and Senior Art Students.

Mrs. L. F. Sheffy, Mrs. Henrietta Scott, Mrs. Frank R. Phillips, and Miss Miltia Hill presided over the tea table which was decorated with sweet peas and carnations.

East guest was asked to indicate the picture which was to him most beautiful. The exhibit will be in Canyon for several days longer, and will be open to the public throughout each day.

Wallace R. Clark Returns From Trip to Washington, D.C.

Wallace R. Clark, head of the music department, returned Sunday from Washington, D. C., where he attended the meetings of a national commission to which he was appointed recently by the United States Chamber of Commerce.

The committee of eleven men from all parts of the United States was appointed to study the relations of the United States Chamber of Commerce with the local chapters of the organization. According to Mr. Clark, much progress was made in improving these relations, but he declines to give his view of the situation until he receives a copy of the official report of the committee meetings. This should arrive within the next few days, and a detailed account of Mr. Clark's trip will appear in next week's Prairie.

Mr. Clark's appointment was a national honor in recognition of his services to the Chamber of Commerce. He has been prominent in this work for several years, having been a director of the West Texas Chamber of Commerce for some time. He was the only educator on the commission, and he represented the entire southwest. He left Canyon for Washington on Saturday, January 16.

Queen Contest to Close Wed., Votes Are to Be Popular

Since there has been some misunderstanding about when and how the College Queen Contest will close, the date for the closing of polls has been changed to 4:00 p. m., Wednesday, February 3. The rest of the voting is entirely popular, and every student is urged to take advantage of the free votes. These free votes may be cast in the Publications Office for any of these six remaining candidates:

Mary Martin, Elapheian, 687,000.
Josephine Flanniken, Student Body, 684,000.
Mary Berryman, Senior, 522,000.
Laurene Alvord, Pi Omega, 324,000.
Dorothy Cash, Student Body, 324,000.
Marie Warren, W. A. A., 309,000.

These candidates will keep the money votes which they now have, and each popular vote that they receive subsequently will count an additional 5,000 votes. Be sure to vote for your favorite before the polls close.

A notice of the returns will be posted Wednesday afternoon after 4:00 o'clock.

Annual Test Milk Cows for TB Will Be Held This Month

The annual test for tuberculosis in dairy cows sponsored by the Randall County Dairymen's Association will be conducted the last part of this month. Any one having cows they wish to have tested may take advantage of the reduced fee for testing at this time. Dr. E. F. Lanham of Amarillo has been employed by the association to make the tests this year.

All dairy cows should be tested once each year to be safe. There is very little tuberculosis in cows in Randall county. Yet why should we take a chance on this dreaded disease when it is so easy to be reasonably sure. Why not have your cow tested or buy milk from a dairy who does? If all our dairy cattle were tested each year it would very greatly lessen the chances for TB in hogs and poultry.

Children should have milk to drink. It is the best of all foods. But let's be sure about the health of the cows from whch the milk comes. Cows may be listed at the county agents office during the coming week.

Dramatic Club Announces Plays To Be Presented

Announcement of the programs to be presented by the dramatic club and Children's Theatre was made recently. The plays and dates of which they will be presented follow: "Rosalie" was presented January 14; "The Three Wishes," and "Hansel and Gretel" was presented at the Children's Theatre, January 21; and "Bargains" was presented last Thursday, January 28. A cast from the Training School under the direction of Miss Novella Goodman will present "The Pool of the Wilful Princess," and will be aided by a group of dancers under the direction of Mrs. Wallace O'Keefe at a presentation of the Children's Theatre, February 4. On February 11 will be presented "Neighbors," followed on February 18 by "Fortunatus and Cassandra." "Acid Drops" will be presented February 25, and "Treasure Island," March 3.

The cast of "Bargains," the play presented at the last meeting of the club, included Faye Files as the Sales Girl, Edna Baer as the little Old Woman, Glenn Reeve as Marty, and Ethel Bourland as Rene. The action took place in the dressing room of a department store during a sale.

Pi Omegas Rush Down to Ft. Worth for Game Saturday

Right on the fifty-yard line, figuratively speaking, were the Pi Omegas last Saturday at the cage tussle between the Horned Frogs of T. C. U. and the Buffaloes at Fort Worth.

Twelve girls made the trip in three cars. They were Hazel Allen, Billie Hill, Evelyn Shanklin, Margaret Darnall, Pearl McClure, Frances Usery, Ruth Greenfield, Martha Nell Lang, Farris Sears, Alleith Elliston, Alice Arnold and Geneva Griffin. They were accompanied by Dr. F. M. Darnall, and Mr. and Mrs. Travis Shaw.

They left Canyon at 2:30 p. m. last Friday and, after stopping for the night at Wichita Falls, arrived in Fort Worth the next forenoon. After securing rooms in the dormitory, the girls report that they spent some anxious minutes waiting for the game to be called. After it was over and the Buffs had come out at the little end of a 37-31 score despite the efforts of the W. T. rooters, the Pi Omegas scattered over Fort Worth, some to visit relatives, others to go see the bright lights, etc.

Next morning at 9:00 they left Fort Worth, pulling up in Canyon at 9:00 p. m., without incident. Transportation was furnished by Hazel Allen, Dr. Darnall, and Mr. and Mrs. Shaw.

Hints for Spring Supplied by Palm Beach

CORDUROY AND VELVETEEN COATS, FEATURED AT RESORTS, ARE AS CHIC AS THEY ARE INEXPENSIVE AND PRACTICAL

BY HARRIET

SINCE spring coats are usually the first clothes thoughts smart women have, what they are wearing now for Palm Beach gives fashion leads to those who want to buy now.

For usually the white or pastel-colored togs that go big at winter resorts are reproduced in more practical colors for home consumption all over the country in the springtime.

Two new materials loom big as spring favorites. One is corduroy, which practically made the social register of fashion this winter. The other is velveteen.

Coats for spring made of these materials not only look as smart as they come, but they are inexpensive and very practical.

New coats have more or less the same line from the waist down. But, from the waist up, all kinds of new devices have been worked out to make each coat individual.

Drop shoulder yokes which come cut in one with the sleeves are very important in the new mode, and are especially easy on the woman who is broad-shouldered.

* * *

THE most popular thing this minute at Palm Beach, on steamer decks and in California is the white corduroy coat. It comes unlined, and is tubable; or it can come tailored with its lining and be more than just a mere covering. This is the coat that promises great popularity in the new blues, greens, browns, and reds for spring.

One of these has the drop shoulder yoke and what is termed the "sore-throat" scarf, one that can tie high about the neck, knotted at the side or back. It has its own belt, rather high, as the new style demands, which fastens with big pearl buttons.

Very good for both sports wear and for workaday usefulness is the reversible velveteen coat, in the new spring red, a soft, wearable color that is slightly different from the popular Spanish tile of this winter.

At right is a reversible velveteen coat, in the new spring red, with its lining and deeply notched collar of beige pique corduroy. When turned wrong side out, it is a beige coat with red revers. The belt is reversible, also. At left is a popular coat of white, washable corduroy with drop shoulder yoke, and high "sore-throat" scarf collar cut on diagonals to match the jaunty corduroy beret.

It has smartly tailored lines, very trim indeed, and a deeply-notched collar that is the last word in tailored chic. Its lining is beige pique corduroy, and when it is turned wrongside out you have the beige coat with the red revers, and what could be smarter!

This coat, being reversible, has a reversible belt, too, one with a buckle, so all you have to do is to turn it over when you change from daytime to sports wear of the coat.

No Place to Park His Horse.

Times do change, according to Charles M. Miller, the last of the Pony Express riders who arrived in Big Spring Sunday enroute from New York City to Hollywood and San Francisco, California.

The remark was occasioned by his inability to find a livery stable or wagon yard in which to park his horse during his sojourn in Big Spring. He had to use the City Pound.

Years ago, a town or city in the South without a livery stable and wagon yards was an unknown quantity.

Mr. Miller, who is now nearing 82 years of age is the last of the 80 members of the Pony Express riders and this trip marks the last ride of a member of that organization.

He was 68 years of age when he went to Canada and enlisted in the 18th Hussars, Queen Mary's Own regiment. He gave his age as 44 in order to get in the army. He is hale and hearty—due to living out-of-doors the greater part of his life and can easily pass for 60.

He started from New York on horseback on July 28 and expects to reach San Francisco during the latter part of January. Few youngsters would have the nerve to tackle such a trip.

Miller was 12 years of age when in the Pony Express and later served as dispatch carrier and scout for the U. S. Army during the war with the Indians. He knew Buffalo Bill and other well known western characters intimately.

He is said to be the oldest member of the American Legion and called on Commander Dallas F. Whaley and members of the local post of the Legion here.

Miller carries letters from the War department and from the governors of all the states through which he passes.—Big Spring News.

LIVING UP TO THE AUDIENCE

Jimmy Dunn writes to tell me about the English actor who received a rebuke from a director.

"Go on," he said, "drop your aitches, can't you?"

"I'm supposed to be acting the part of a British peer," argued the Englishman.

"I know that," said the director, "but all you English drop your aitches, don't you?"

"Good gracious, no!" the Englishman responded.

The director pondered a moment and then said, "well, drop 'em anyhow. The guys on this side expect it!"—New York Morning Telegraph.

Chapel

The chapel program Tuesday was in charge of the Science Club which is directed by Mr. Fox.

In the first number Mr. Fox told what science is. He said the two main divisions of science are physics and chemistry. Following Mr. Fox was a talk by Leo Duflot. He told of the most important constellations. The last number on the program was a dialogue, "Destruction of the Eggs."

A jig dance by Johnnie Wilson served as a curtain raiser to this dialogue. It was also followed by a jig dance by Johnnie Wilson.

The chapel program Thursday was in charge of Professor C. W. Batchelder, head of the Public Speaking Department of West Texas State Teachers College.

Professor Batchelder gave some very interesting readings. The first reading was entitled "No News," and was followed by one entitled "Impersonating a Negro Mammy."

One of the most interesting reading was "Dinner at the Purple Bean." The last number was "The Old One Painted Over."

The intermediate grades as well as the high school were present for this program, which was thoroughly enjoyed by each student.

FACULTY MEETING

On Monday afternoon, 4:20-5:10, the faculties of the high school and grade school met in a joint meeting.

The program for discussion was parliamentary law. Miss Ethleen Murrell and Miss Doris Loudder gave very interesting and instructive talks on the subject.

Home Ec Girls Study Parties By Presentation

Monday evening a group of six third year home economics girls entertained friends with a six o'clock dinner party at the home of Vara Edwards.

The dining room was dimly lighted and carried out the color scheme of the Valentine season.

Those served were Vara Edwards, hostess; Margaret O'Dowd, Dora Mae Plaster, Louise Wester, Beulah Ballengee, Ruth Frank, Mignon Greer, Imogene Machen, Nannie Archer, Celestine McGee, Mary Beth Bishop, and Ola Visage.

Girls who helped in the preparation and serving of the dinner were Maxine Middleton and Ruth Burtz, maids; Letha Bagwell and Martha Decker.

The menu served was:

Fruit Cocktail
Beef Roast Gravy
Dressing
String Beans Potatoes
Beet Pickles
Jello Combination Salad
Strawberry Preserves
Rolls Butter

Canyon Eagles Lose Two Games During the Week

The Eagles, almost completely revamped, improved some in their playing, but were unable to overcome their opponents, the Happy Jacks. Pearson, formerly switched to center. Cone filled in the vacant forward position and Wooten was given a first team berth at Cone's guard position.

With this new lineup the Eagles moved to Happy where they met their second defeat at the hands of the Jacks to the tune of 30 to 18. Pearson, high point man for the Eagles, played well in his new position. Wooten ably held down his opponent; Taylor did wonderful work on the defense.

After two more days of practice they returned a game Friday night at Amarillo. The Sandies won from the Eagles by a 32 to 15 score.

The Sandies had also made a few changes, but were as powerful as ever.

Hardin, of the Eagles, scored seven of his team's points. Pearson, besides playing center, scored five more.

The Sandies played only five men, who fairly equally divided their scoring 11 points. Dunaway and Corbett scored 5 and 4 points respectively, while La Barge, big center, scored the other point. La Barge played a wonderful game at center.

MYSTERY OF THE MORGUE

Before the New York Evening Post moved to West Street, it was known as "the old lady of Vasey Street." A few years ago, before the reorganization of the filing system, there was occasion in the office to look up clippings of the Wall Street explosion. The hunt immediately became complicated. Nothing was to be found under "Wall Street," "Explosion," "Disasters," "Bombs," or even "Reds." Finally they telephoned to the home of the farmer archivist, retired.

"Where in the name of the Villard family," demanded a frantic editor, "did you file the clippings of the Wall Street explosion?"

"Ah," said the old gentleman, "look in the letter M cabinet. You will find it under 'Mishaps.'—New York Morning Telegraph.

Success grows in proportion as one's ignorance decreases.

C. H. S. Seniors Elect Student Council Members

Monday afternoon at the activity period the senior class held its monthly meeting and several problems were brought up for discussion.

New student council representatives were elected as Wayne Tucker, former representative, graduated at Christmas time, and Cleo Wright turned in his resignation. J. L. Harden and Nan Johnson were chosen to take their places.

Oliver Grabbe gave a talk on class mottoes, and it was decided that an illustrated motto should be chosen for the class of '32.

Plans were also discussed for the annual high school carnival that is to be held Feb. 26.

SOPHOMORE MEETING

The Sophomore class elected officers at their meeting Feb. 1, 1932. The officers elected were:

Debate Club Begins Work For Contest

The Debate Club has begun its year's work and is preparing for the Interscholastic Leogue Contests to be held in April.

J. D. Hazlewood has charge of the club this year. Mr. Hazlewood is a graduate of West Texas State Teachers College where he took an active part in college debating and has also studied law in the University of Texas.

Katye B. Lowe and Vincent Lockhart, two active debaters last year, are back again. There is plenty of material to fill the vacancy in the boys' team, but only a few girls are out.

Debating is a very instructive extra curiccular activity. It gives a person ease and confidence before an audience. It teaches him to grasp and cope with a situation quickly and to think correctly and promptly.

All students who are interested in trying out for the team should see Mr. Carruth.

First place in the essay contest on "Why We Have a Fete on Armistice," sponsored by the American Legion Auxiliary, was won by Lilla Beth Burroughs. She received a prize of $2.50. Nadine Lain won second place and received a prize of $1.50.

This is an international contest. The local winning essays will be sent to a state contest and the winning essays from there to international headquarters.

At night a husband's place is in the home. It isn't very pleasant for a wife to return from the neighbor's to find the house dark and the soiled breakfast dishes still unwashed.

PLAN YOUR IMPROVEMENTS NOW

Right now is the ideal time to take a little time to plan the improvements which you expect to make around your property this spring. Perhaps it's a new walk or a garage or an added room for the children. But no matter what you are planning, it will pay to drop into our office and look over our plans which we have on hand for any improvement which you may be contemplating. We will be glad to assist you and furnish estimates of cost. And when it's quality materials that you need we can furnish them at the lowest prices in recent years.

Straight Ahead!
For Over A Quarter Of A Century

For over twenty-five years, this Bank has proved its strength by being able to keep going straight ahead under all conditions, whether good or bad.

This one fact should give you, as a depositor, more confidence than all the words that could be spoken or written.

Look back for a moment and consider all the changes that have taken place in Canyon and surrounding territory since this Bank was organized. This, alone, should convince you of the safety and permanence of this time-tested institution.

Is Your Gasoline Tax Money
BUILDING GOOD ROADS
OR
ENRICHING RACKETEERS?

You pay a tax on every gallon of gasoline you buy. Your state levies this tax to pay for building good roads.

But your state is not getting all the money paid as a gasoline tax. RACKETEERS ARE TAKING AN ALARMING AMOUNT OF IT! They are selling bootlegged gasoline on which they pay the state no tax—but they make motorists pay all or a part of the tax. The racketeer keeps this tax money himself!

You get your tax back in the form of good roads when the state collects the tax. You get nothing when racketeers get your money. And remember—if your state got all the money paid as tax, it could well afford to lower its gasoline tax!

If you want your money to go into road building instead of into the racketeers' pockets, make sure the gasoline you buy is not bootlegged. Buy gasoline made by a reliable, law-abiding company and sold under a dependable, well-known brand name, and be certain that your tax money goes to your state and not to the racketeers. That's the only way to beat the racketeers.

CHAMBER OF COMERCE

FRED E. WORTHAM, Secretary

Canyon has lost a noble citizen with the passing of Rev. W. C. Kunze. The sudden death of Rev. Kunze which fell as a stunning blow upon our citizenship meant a great loss to this community.

He held a place in the hearts of his fellow citizens which can never be refilled. He was ever willing to lend his assistance to any movement in the community which stood for right. His was a life of service.

Many lives were made brighter, many hearts made happier because W. C. Kunze lived that life of service and chanced to come this way.

The First Presbyterian Church lost a never-tiring pastor and an ever inspiring leader. The cause to which he devoted his life and efforts is minus a faithful and dilligent laborer.

The Rotary Club, Chamber of Commerce and all other civic activities in which he participated will suffer greatly. But in the passing of this man, who lived and walked as he preached, a great storehouse of good things were left behind. Among the things which he left on this earth was a wonderful inspiration for us all.

Here's a bit of news published recently which should be of interest to everyone:

Prepare For Prosperity

"Dr. Samuel B. Wolf, economic lecturer at the University of Amsterdam, who predicted our present depression a year or so before it came, now is convinced, God bless him, that it will end during the present year, and that we are in line for a great measure of prosperity. God bless him again. And better it be."

The Palo Duro Canyon is in line for a great lot of publicity in the coming few months and years. Canyon should prepare to cash in on it. We need new modern places to care for the tourists which will pass this way during the next vacation season. Already this office is receiving inquiries concerning the Palo Duro Canyon and what tourist accomodiations can be received here. The tourists will stop to view the canyon, that is certain. If Canyon had modern first class accomodiation for the travelers, she would receive many dollars during the coming months which would otherwise pass on.

"Hoofs and Horns," a weekly publication of Tucson, Arizona, published a Palo Duro Canyon picture on its cover page of January 22. The magazine cover page is printed in two colors and the Canyon picture was very attractive. The Chamber of Commerce furnished the picture in response to a request from the magazine, the manager having heard of the Palo Duro Canyon and offered to publish whatever this organiziation would furnish him.

Great Britain makes a strong bid for the trade, as evidenced by literature sent to this office recently. The Bristol Development Board of Bristol, England, through its secretary, H. V. Hindle, Esq., was kind enough to send a large quantity of literature to the Chamber of Commerce. This is very interesting to those of us who have never visited other countries, and especially is their appeal to the tourist and individual trade interesting.

Through the Chamber of Commerce Advertising committee business firms of Canyon are offered a protection against grafters. Canyon men, especially those who are members of the Chamber of Commerce are urged to challenge every appeal for advertising scheme and donations unless they bear a written endorsement of the Chamber of Commerce Advertising Committee.

This committee recently turned down an advertising graft that would have relieved the business firms of Canyon of something more than the amount of dues paid into the Chamber of Commerce in one month's time. Take advantage of this protection against floating grafters.

Every business firm in Canyon can assist in giving wide publicity to the Palo Duro Canyon. For many months the Chamber of Commerce has been advertising the Palo Duro Canyon as the "Scenic Wonder of Texas."

Last spring the Chamber of Commerce had a number of rubber stamps made for the purpose of having every firm to stamp this slogan on its outgoing mail. We are making this offer at this time. Every firm in Canyon that will agree to place the slogan on its outgoing mail, the Chamber of Commerce will have it stamped on the envelopes of firms if this office is notified.

The need for a regulation for the TB test of cows was impressed upon those who saw the carcass of the TB infected hog which was slaughtered near town last week. It is a generally known fact that TB is spread from infected cows through their milk to humans and to animals. Canyon needs a good milk regulation which will require the regular testing of cows for TB. This is one way of protecting the health of the community. It is surprising to note that few college towns in Texas have a regulation of dairies operating in these college towns.

Who is the best hog-caller in Randall county? The Chamber of Commerce is hunting such a person. We need a representative at the big Hog-Calling contest to be staged in Amarillo in connection with the Amarillo Fat Stock Show to be held in Amarillo February 29 to March 3. A first prize of $100 is offered for the best Hog Caller. Why not have an entry from this county and bring home the cash as well as the bacon.

Sixty Autos Are at Palo Duro Park on Sunday

The beautiful sunny winter days are attracting nice sized crowds of visitors to the Palo Duro Free Park 12 miles east of Canyon, Ray V. Davis, custodian, states. Mr. Davis reports that 60 cars entered the park gate last Sunday. The warm days, when motoring is ideal makes the park an attractive place to visit for an afternoon's outing.

According to the records of Mr. Davis for last Sunday, Jan. 31, 220 people from the following cities were registered at the park: Dallas, Amarillo, Pampa, Fort Worth, Shamrock Wellington, Canyon, Fritch, Hereford, Plainview and Houston. Out-of-state cities were: Carrizzo, N. M., Freeport, Mich., Los Angeles, Calif., Tulsa, Okla., Cleveland, Ohio, and Portales, N. M.

The park is open free to visitors at all times. The only requirement for admission is for the visitors to register.

Dairyman Ass'n Plan Work For Coming Months

More than 20 dairymen were present Tuesday night for the monthly meeting of the Randall County Dairyman's Association. President M. H. Rockwell presided.

Reports were heard on the membership drive which began 2 weeks ago. Mr. Rockwell in commenting on these reports stated that they were indeed encouraging and that the work for the association during the coming year had a bright outlook.

A committee composed of L. T. Campbell, R. O. Allison and E. Gidden announced that arrangements had been completed for the annual TB test pool. Almost 1,000 head of dairy cows have been listed for this test. A scale of prices have been agreed upon and the contract with a veternarian has been made. A committee to be headed by J. W. Watson was appointed by the president to make plans for holding another test in August for those herds which do not come under the February test.

The annual banquet of the association was discussed and a general arrangements committee, composed of R. O. Allison, H. R. Fulton and E. Gidden was appointed. The banquet will be held about March 25th.

The trouble with getting in on the ground floor, is that it so often has a trapdoor into the cellar.

CORRECTION NOTICE

The notice of the birth of twin boys to Mr. and Mrs. Hilary Hutchinson of Lubbock carried in last week's issue of the News was untrue.

The statement was given to the News, as it was printed, by telephone, but evidently by unfriendly parties. Mr. and Mrs. Hutchinson were passing through Canyon yesterday when the notice was called to their attention. The News wishes to correct the statement, and regrets very much that it occurred.

"Dr. Jekyll and Mr. Hyde" To Be at Olympic Soon

The famous classic of "Dr. Jekyll and Mr. Hyde" by Stevenson in its play-form is being shown this week at the Olympic. This drama-romance has been rated 4 stars by Liberty, and promises to be one of the outstanding pictures of the year.

Under the direction of Paramount, this dramatization was written especially for screen production with Frederirc Marsch in the title role and Miriam Hopkins and Rose Hobart in the leading feminine roles.

The Latin-Spanish Club of the W. T. High School is sponsoring the picture.

Buffs Take

(Continued from page one)

The Buffaloes played the McMurry College Indians in Abilene last night and will play there again tomorrow night. They should arrive back in Canyon by next Thursday.

Leaving Fort Worth, the Buffs went to Abilene where McMurray was defeated Monday and Tuesday nights in two conference games. The score Monday was 4 to 30, but on Tuesday night the Indians got hot and chased the Buffs in a 43-41 game. These games give the Buffs a four win lead in the T. I. A. A., which is also the record of A. C. C. These two team are scheduled to meet in a two game battle in Canyon, which will determine the championship of the conference.

At Abilene Tuesday, arrangements were made to resume the scheduled games between the Buffs and Simmons which were cancelled last week. The two teams met last night, the Buffs winning 57-40, and the second game will be played tonight. Simmons is leader in the Texas conference. The Cowboys will come to Canyon Monday and Tuesday for a two game series.
